Wow!! You have flown ahead of The Flash, just a few more and you'll have beaten him!

1. Black Widow buys 3 packs of socks. Each pack is £3.99, how much does she spend?
2. The Fantastic Four are planning a party, they have 56 guests attending and need to allow for half a pack of doughnuts per person. How many packs do they need to buy?
3. The Phantom saves £0.80 everyday for 30 days, how much does he save up altogether?
4. She-Ra charges £5.40 to every member of her fan club, there are 20 members. How much does she receive?
